Dear Patients,

Our top priority is to keep our patients, staff, and community safe. Due to the recent coronavirus (COVID-19) pandemic, we have taken extra measures to provide a safe environment for our patients through **in-office visits, telemedicine, and prevention.**

In-Office Visits: We are still open in our Lansdale office! Our Blue Bell and Chalfont locations are temporarily closed, we sincerely apologize for any inconvenience.

Telemedicine: We now have telemedicine virtual visits available instead of office visits. An office visit is the preferred method to treat you, but if you're unable or are nervous about coming into the office, we will see you in a virtual visit instead.

Prevention: We have increased our sterilization and cleanliness measures, and ask that patients who exhibit COVID-19 symptoms not come into the office. All patients who come to the office have their temperature taken immediately, and chairs in our waiting room are now 6 feet from each other.

We are monitoring the situation globally, nationally and within our communities, based updates from the Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO) and state health departments. Our employees know to stay home if they are not feeling well.

We are still here for you throughout this pandemic! Please call our office at 215-361-5090 to schedule an in-person or telemedicine virtual visit in our Lansdale office today. Let us continue to serve you and please stay safe and take care.

Thank you,

LMG Family Practice
